Adoption Plenary
ETHOS 2019
"Which road do I take?" she asked.
"Where do you want to go?" was his response.
"I don't know." Alice responded.
"Then it doesn't matter." said the cat
Selecting the right roads

• What methods will determine that adoption was achieved?
• Did we achieve them?
• How can we be sure?
• Who are we accountable to?
• Are there any downsides?

How do you know you’ve arrived

• Adoption of clean cooking benefits the customer.
• Results from design and implementation processes provides the feedback for iterative improvements
• Proving adoption creates a virtuous cycle with funders
• Fewer failed projects are good for the sector.

“Would you tell me, please, which way I ought to go from here?”

“That depends a good deal on where you want to get to,” said the Cat.

“I don’t much care where—” said Alice.

“Then it doesn’t matter which way you go,” said the Cat.

“—so long as I get somewhere,” Alice added as an explanation.

“Oh, you’re sure to do that,” said the Cat, “if you only walk long enough.”
